

Project Profile

Parkdale HDD Watermain Relocation

Client: Delcon Civil Pty Ltd

Value: \$19K

Completion Date: Complete

Scope:

The works consisted of 3 HDD under-bores with a HDPE sleeve and internal watermain

1. 50m of OD560 Sleeve Pipe, 73m of OD355 Water Main.
2. 60m of OD450 Sleeve Pipe, 70m of OD315 Water Main.
3. 50m of OD315 Sleeve Pipe, 54m of OD180 Water Main.

Additional works included connecting the under-bores to the SEW retic system through a system of valves and by-passes during numerous shut downs and night shifts.

Achievements / Outcomes:

This work was completed by Jonoco and ran on time and on budget.

The works were scheduled to ensure down time was kept to a minimum and ensured minimum disruption to South East Water customers.
